18 **Rebus**

These are pictures of common sayings. What are the sayings?

19 **Shape Find**

How many circles can you find in this picture? _____

20 **What's Different?**

Can you spot the five differences between these two pictures? Circle them.

Changing Letters

Directions:

1. Find a partner. Start with the word below.
2. Change one letter to make a new word. Write the word in the next row.
3. Take turns. You cannot use a word more than once.
4. If you cannot make a new word, you are out. If you reach the end of the puzzle together, you both win!

Example:

| | | |
|---|---|---|
| p | a | n |
| p | i | n |
| p | i | g |
| b | i | g |

| Start | h | a | n | d |
|-------|---|---|---|---|

Meet Your Match

Directions:

1. Find a partner. Each of you will need a copy of this sheet and a different-colored pen.
2. Look at the left and right sides in the columns below. On each side, there are equations that have the same answer.
3. Draw lines between equations that have the same answer. The first one has been done for you.
4. The person who can make the most matches wins.
