Map Madness!

Do you see Raul? He is lost again! Follow the directions to get him back on track. Mark his ending spot with an **X**.

Directions:

1.  Take the 101 west.
2.  Take the 110 south.
3.  Exit at W. 4th St., and follow it to S. Broadway.
4.  Turn left on S. Broadway, and follow it as it changes to N. Broadway.
5.  Turn left on W. Temple St.
6.  End at the corner of N. Grand Ave.

Bonus: Now, write directions telling Raul how to get to the corner of W. 5th St. and S. Flower St. from his current location. _____

81 Hide and Seek

Can you find the three animals hiding in this sentence? Circle them.

Example: Help igloos!

The larger billfold made the cowboy turn cartwheels.

82 Letter Scramble

Make three words using all of these letters: msae.

- _____
- _____
- _____

83 Crossword

Read the clues and fill in the letters.

Across

1. It has a shell and pinchers.
5. to give someone a job
6. I have an _____!
7. the pointed top of a mountain

Down

1. I love chocolate _____ cookies.
2. The roller coaster is one.
3. In a square, it is length times width.
4. a bird's mouth

139 **Sudoku**

Each row, column, and 3 x 3 box has the numbers 1, 2, 3, 4, 5, 6, 7, 8, and 9. Fill in the blanks to complete the puzzle.

5	6			9			2	
7		9	2			5	3	
		2		3	5		6	8
		4	8	2		6		3
	7						4	
3		1		5	4	7		
6	4		5	8		3		
	9	5			3	8		6
	3			7			5	2

140 **Multiplication Tree**

Put numbers in the boxes so that all of the boxes multiply to the number they came from. (Hint: A “?” means that there is exactly one digit missing.)

Five Sides

Directions:

1. Find a partner and choose a game board below.
2. Take turns drawing a straight line. Your goal is to make five-sided shapes (pentagons).
3. You earn a point for each pentagon shape you make. Keep a running total.
4. Each game has a five-minute time limit. At the end of five minutes, the person who has made the most pentagons wins!
