9. better than all → (tesb) →

10. every one of separate items → (heac) →

11. a mark on the skin → (crsa) →

12. drive-\_\_\_ for fast food → (ruth) →

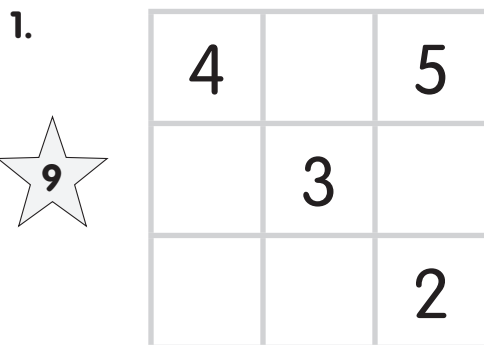

# MAGIC NUMBER SQUARES

Activity

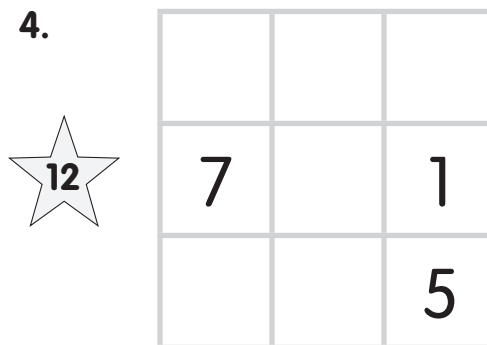

43

## Directions

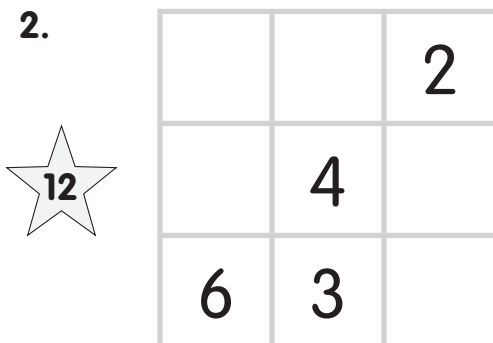

A magic square is a set of numbers arranged in the form of a square so that the numbers in each row, each column, and each diagonal add up to the same total. Complete the following magic squares. You can use a number more than once. The number in the star indicates the total.

1. 

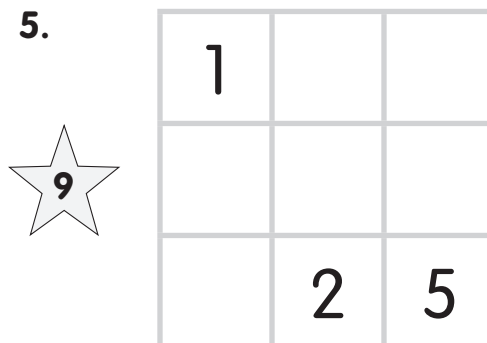

4		5
	3	
		2

4. 

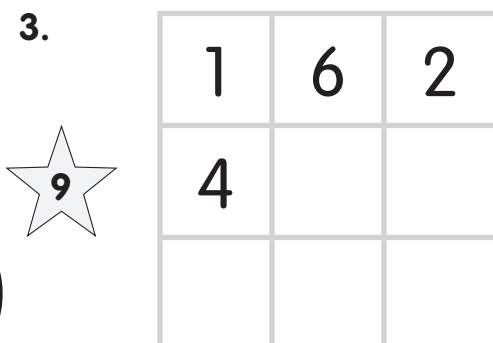

7		1
		5

2. 

		2
