👉 The User's Guide

Everything you need to know in order to use and operate the *Daily Sentence Editing* CD and program can be found in the User's Guide. This is also where you will find useful reproducibles that you may wish to hand out to your students. These include . . .

- a one-page handout of the editing symbols used in the program. These marks are available as punctuation stamps on the editing screen for each sentence.
- a one-page overview for each of the 30 units in the book. Each overview includes a list of the grammar rules and concepts that are introduced in the unit, as well as a list of the rules reviewed in the unit. A complete list of the ready-to-be edited sentences in the unit is also included here.

About the Book

There are two main components to the *Daily Sentence Editing* program: a book and a CD. These two parts were designed to be complementary, but they can also be used independently of one another.

This 112-page book is a good place to begin the program. It contains the following:

👉 **Tips for Using the CD** (pages 5–6)

The following two pages include tips for getting started with the CD that accompanies this book.

👉 **Standards and Benchmarks** (page 7)

The grammar rules and concepts reviewed in this book meet national standards and benchmarks for grade-level appropriateness.

👉 **Grammar Rules** (pages 8–12)

This book includes a comprehensive list of the punctuation, capitalization, and usage rules students will need to know in order to correct the sentences. New rules are introduced in each of the first 15 units, allowing students to learn increasingly difficult grammar concepts at a measured pace, while reviewing the ones they have previously learned. The final 15 units serve as a cumulative review of the rules learned in the first 15 units.

👉 **Ready-To-Be-Edited Sentences** (pages 13–102)

In all, there are 270 sentences, each of which contains multiple errors. These sentences are divided into 30 units, which allows you to teach one unit's worth of sentences per week, if desired. Each sentence in the book is followed by plenty of space for your students to rewrite the sentence correctly. These pages can be copied and used as in-class assignments or sent home as homework.

👉 **Answer Key** (pages 103–112)

A complete answer key is included at the back of the book. This key contains the corrected versions of all 270 sentences found in the book.

(Quick Tip: Each answer in the key represents the best or most-likely correction of the sentence. In some instances, however, there may be alternate ways in which to correct a sentence. Please accept suitable responses when comparing student answers to the key.)
