Extension

Can you create your own word puzzle? Begin with a word and change it into a different one. Remember to create clues to give hints.

Number Chains

To find the answer to this number chain, solve problem # 1. Use this answer in the blank of problem #2. Your answer for number 2 will be the number you put in problem 3. Continue in this manner until you get to problem 7. If your last answer is ninety-nine, then you solved the number chain!
