Gumball Numbers

Week 1: Friday Friday Fun

Directions: Color the gumballs using the Color Key.

Color Key

1 — 20 **Red**

61 — 80 **Green**

21 — 40 **Orange** 81 — 100 **Yellow**

41 — 60 **Blue**

Look for Clues

Week 2: Thursday Reading

Directions: Detectives look for clues. You can also look for clues as long as you pay close attention! Look at the pictures below. Use clues from the pictures to answer the questions.

1. Is this boy enjoying himself? How can you tell?

2. Are these three children friends? How can you tell?

3. How do these two children know each other? How can you tell?

4. How does this girl feel? How can you tell?

Length

Week 4: Tuesday

Directions: Each section of the bar equals one inch. Measure each item to the nearest inch. The first one has been done for you.

1. The bat is 2 inches long.	The baseball glove is inch long.
The ice skates are inches long.	
The volleyball is inch long.	The soccer balls are inches long.
6. O O O O O O O O O O O O O O O O O O O	

Adding Adjectives

Week 4: Wednesday Writing

Adjectives are words that describe nouns. They help a reader "see" what the noun is like.

Directions: Add adjectives to the sentences below. Use the Word Bank to help you.

Word Bank						
beautiful	blue	furry	red			
big	crisp	little	shiny			
black	fast	loud	shy			

- 1. The _____, ____ fire engine roared down the street.
- 2. The ______ , ____ girl was scared.
- 3. The _____ , ____ cats meowed softly.
- 4. The _____, ___ apple tasted good.
- 5. The _____, ____ bug walked across the floor.
- 6. The _____, ____ bird sat on the wire.

Here are some fun, low-cost activities that you can do with your child. You'll soon discover that these activities can be stimulating, educational, and complementary to the other exercises in this book.

Flash Cards

Make up all types of flash cards. Depending on your child's interests and grade level, these cards might feature enrichment words, math problems, or states and capitals. You can create them yourself with markers or on a computer. Let your child help cut pictures out of magazines and glue them on. Then, find a spot outdoors, and go through the flash cards with your child.

Project Pantry

Find a spot in your house where you can store supplies. This might be a closet or a bin that stays in one spot. Get some clean paint cans or buckets. Fill them with all types of craft and art supplies. Besides the typical paints, markers, paper, scissors, and glue, include some more unusual things, such as tiles, artificial flowers, and wrapping paper. This way, whenever you and your child want to do a craft project, you have everything you need at that moment.

The Local Library

Check out everything that your local library has to offer. Most libraries offer summer reading programs with various incentives. Spend an afternoon choosing and then reading books together.

Collect Something

Let your child choose something to collect that is free or inexpensive, such as paper clips or buttons. If your child wants to collect something that might be impractical like horses, find pictures in magazines or catalogs, and have your child cut them out and start a picture collection.

Grocery Store Trip

Instead of making a trip to the grocery store a chore, make it a challenge. Even with nonreaders, you can have them help you find items on the shelf. Start by giving your child a list of his or her own. Review the list before you go. For nonreaders, you might want to cut pictures from ads. Many stores even have smaller shopping carts, so your child can have his or her own cart to fill. Once you get to an aisle where you know there is something on your child's list, prompt him or her to find the item. You may have to help your child get something down from a shelf.

Eating the Alphabet

Wouldn't it be fun to eat the alphabet? During the course of the summer, see how many fresh fruits and vegetables you can eat from A to Z. You and your child can make a poster or a chart with the letters A–Z on it. Once you have the chart, each time your child eats a fruit or vegetable, write it next to the matching letter of the alphabet. You can also let your child draw a picture of what he or she has eaten.
