## Turtles

**Directions:** Read the following paragraph. Then rewrite it using your best cursive.

Turtles are reptiles. Turtles have shells. The shell is part of their skeleton. It acts like a shield to protect them. Turtles live in the water, but they breathe air. Terrapins are a type of turtle. Tortoises are similar to turtles, but they live on land.

Handwriting practice lines consisting of solid top and bottom lines with a dashed midline. There are 10 sets of these lines provided for the student to practice writing the paragraph in cursive.
