Ancient Wonders	31		

Ring of Fire

Over 75% of the Earth's volcanoes are located along the Pacific Ring of Fire. Several tectonic plates meet along the ring, causing earthquakes and volcanic activity.

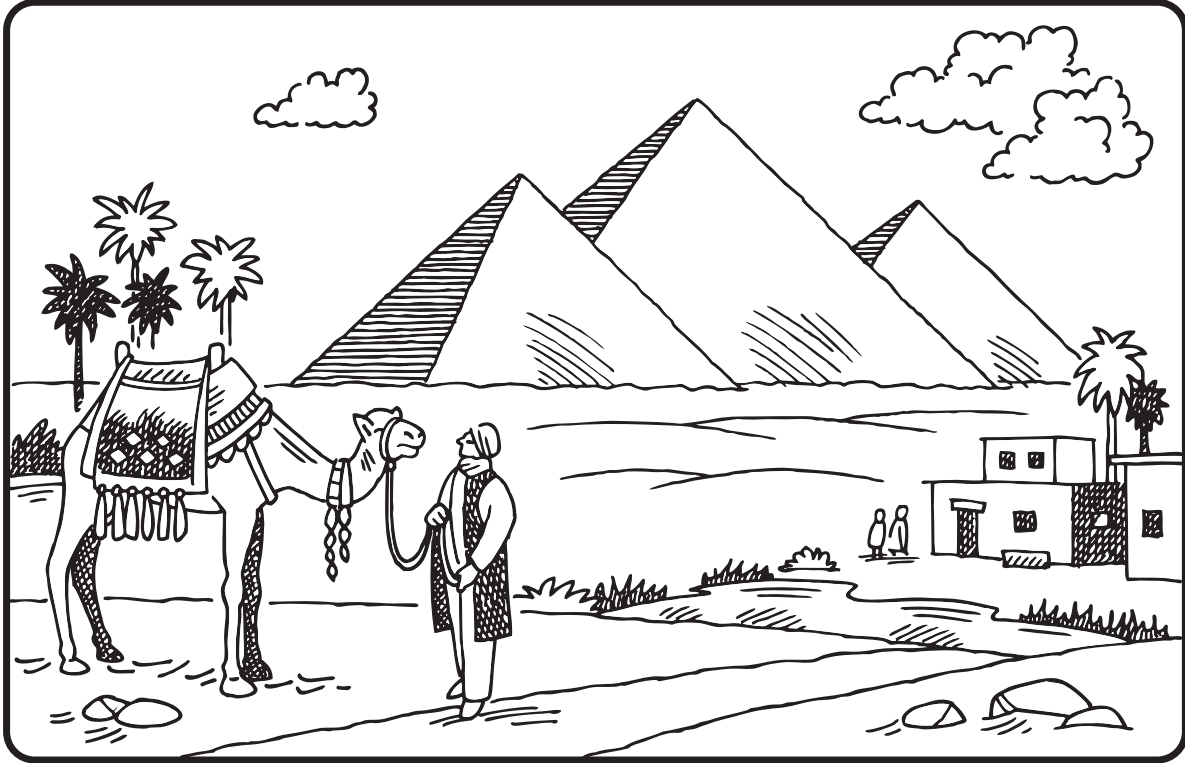

Look at these pictures. Circle 9 things that are different in the picture above.

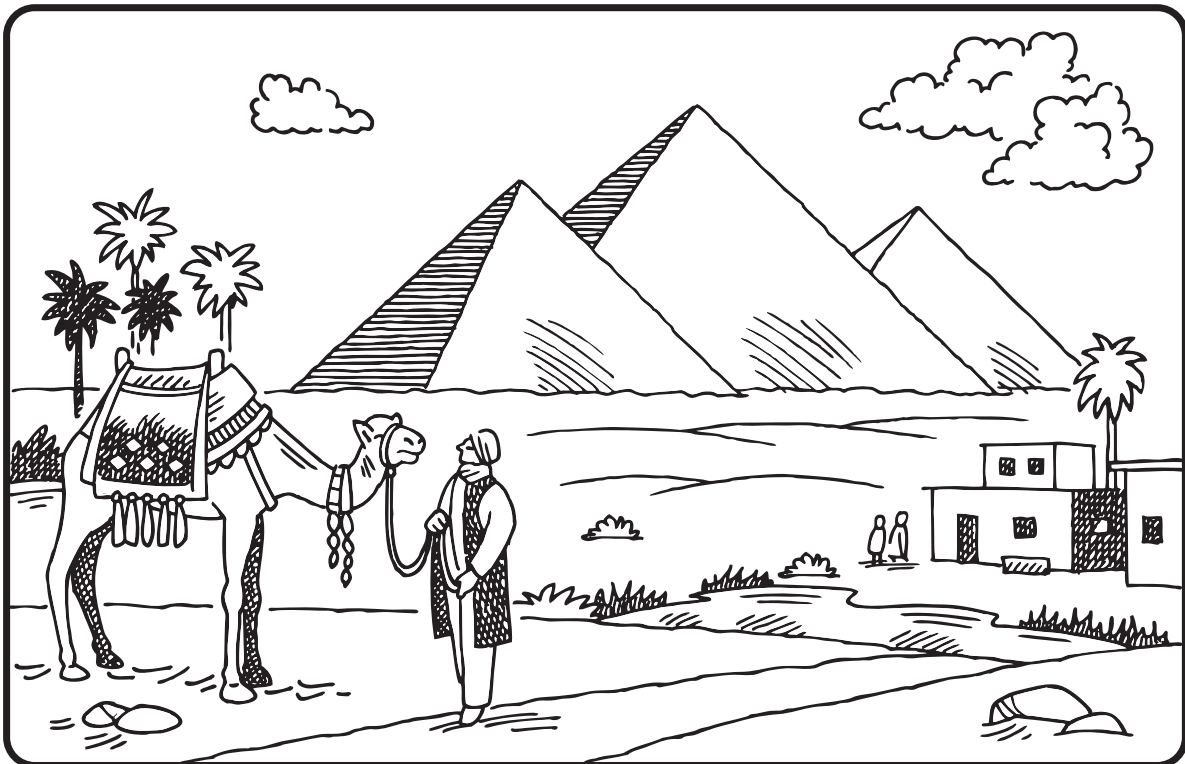

Ancient Wonders

Of the Seven Wonders of the Ancient World, the Great Pyramid of Giza is the only one that remains. It is the largest pyramid ever built and is made of about 2.3 million stone blocks.

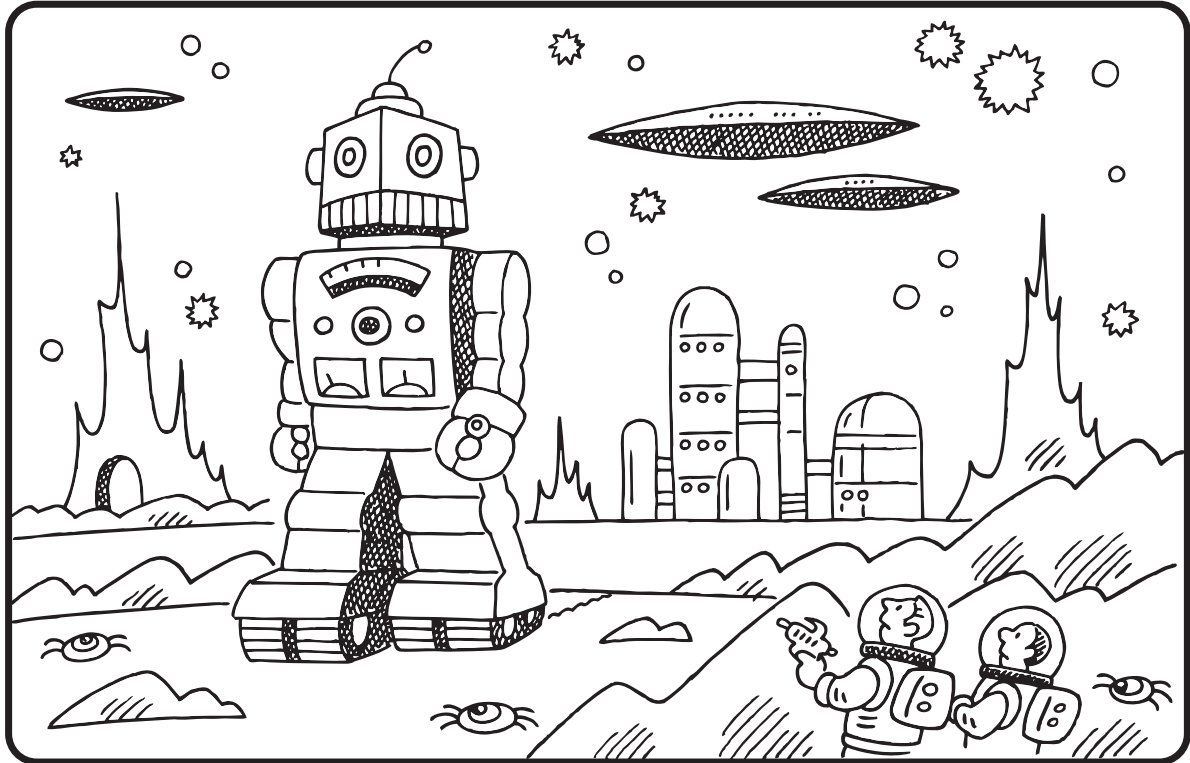

Look at these pictures. Circle 10 things that are different in the picture above.

Into the Future

Do you want to visit the future or outer space? Then check out science fiction. This genre combines science and imagination to create fascinating stories.

Look at these pictures. Circle 10 things that are different in the picture above.
