# Odd or Even?

**Try it!** → When you multiply any number by **1**, the answer you get is the number you multiplied.

**Try it!** → When you multiply any number (except **0**) by **2**, the answer you get is an even number.

Look at these numbers being multiplied. Use what you have learned to guess if the answer will be an even number or an odd number. Color **even** or **odd** to answer.
