A Trip to the Fish Hatchery

These are new words to practice.
Say each word 10 times.

- * salmon
- * trout
- * information
- * booth
- * hatchery
- * display
- * guide
- * bridge

Choose one new word to write.

A Trip to the Fish Hatchery

Meg's class is going on a field trip. They will go to the fish hatchery. They will see many things.

Meg's class goes to the hatchery ponds first. A guide tells the class about the fish.

One pond has baby fish in it. They feed the fish two times a day.

The class walks to the display ponds. They cross the bridge.

Meg likes the tropical fish. She sees many bright colors.

It is time to go back to school. The class will not see the bird house. Meg learned new things on the field trip.
